Earth Caravan 2016

Share The Earth, Happiness and Freedom

**"Children's smiles make
the future of the earth."**

Earth Caravan is a movement to create a World
we wish like this...

Our caravan is visiting many cities inland and also overseas with the "Peace Flame"
taken from the still burning ashes of the atomic bomb site of Hiroshima,
and will finally make a goal to Tokyo in September 2016.

What is the Earth Caravan?

It's the new movement to create a peaceful world and a brighter future for the earth with theme word "Share!" Let's change this world of "Taking and Hoarding" to a world of "Sharing". In summer 2015 we carried the "Peace Flame", which hasn't gone out for the 70 years since Hiroshima was bombed, by bicycle from Hiroshima to Tokyo. Afterwards, we travelled around Europe and onto Jerusalem with the "Peace Flame" and held many charity markets, concerts and prayers for peace. We received a lot of responses. All the donations, that were contributed from all over the world, and all the profits from the charity events, were given to people suffering from wars or disasters.

In 2016 we'll also connect the prayers and hopes of people all over the world through singing, dancing, and communicating beyond borders, cultures, and religions.

Please join us! We need volunteers as below!

We are looking for people who can communicate in Japanese.

- People who want to do something towards creating a peaceful world and a brighter future for all.
- People who want to take on a range of challenges, and have a sense of humour.
- People who share the same goals as the Earth Caravan, and want to create the event together.

We are collecting money and donations.

Since admission fee is free, we are collecting support money and donations for projects.

Please see the below HP for the information.
